About Us

AYFAR OTOMOT•V SANAY• VE T•CARET A.Ş. is a company founded in 1993 in Silivri District of the city of Istanbul, active since the year 1996 in the Sector of Automotive Side Industry which actually manufactures Highway Vehicles Tools and Equipment and Illuminating Lamps in two separate plants with a total area of 25.000 m². Our Firm which is one of the rare manufacturing plants of Turkey is capable of realizing the whole manufacturing processes in its own bosom and has an annual manufacturing capacity of 3 millions pieces that consist in Headlamps, Headlamps Glasses, Stop-Signal-Fog Lamps and various illuminating accessories. About the 70% of our manufacturing yield is exported to nearly 30 countries of the world.

Since the date of foundation of our Firm, with the understanding of High Product Quality, Economic & Reasonable Prices and Good Service adopted by us and the power and trust gained through our customers, we follow closely the technological developments in our sector and we have undertaken the providing of the most suitable and fastest solutions to our customers' demands and intentions by improving the product quality and the sorts of products in support of our new investments as our principal duty.

Our firm certified under ISO 9001 Quality Assurance System Certificate issued by TÜV CERT, aims to enlarge its foreign and domestic market share by completing the necessary quality certificates in its sector as earlier as possible and to have a continuously enlarging market share in the highly competitive current world trade. Our vision is quality in product and service, continuity and reliance, to be permanent and to have an enlarging market share in the competitive environment to decrease the dependence from the outer foreign sources as by creating large employment opportunities, producing products which have high added value and contributing in the country's economy in such a way; placing total quality management system in all levels of our Firm and sustaining it; rising the contentment of our employees and customers to highest level; enriching our product portfolio by following the renovations and technological developments closely; trying to be the best in our working area and making the products produced by us a world trademark as by raising continuously the level in the product quality.
